#### About MLB

MLB, Major League Baseball, is the biggest professional baseball competition and was founded in 1869. MLB betting odds can be found across OddsPortal.com

There are thirty teams competing in the MLB at present with twenty-nine from the USA and a solitary team from Canada. Teams are divided into two leagues, the National League (16 teams) and the American League (14 teams). Each league has three subdivisions (East, Central and West).

MLB regular season and its MLB odds get underway on the first Sunday in April and ends in October followed by the postseason. But before everything begins Spring training takes place. This is a series of practices and exhibition games before the MLB regular season starts proper and lasts almost two months. All MLB teams involved play 162 matches each year in the MLB regular season before it ends after the first Sunday in October. Each match offers a wide range of MLB odds comparison.

Postseason play-offs follow where eight teams are involved. The first play-off round (American League Division Series and National League Division Series) is best-of-five series followed by best-of-seven Championship Series and best-of-seven World Series. You can also find best MLB odds on the series winners with OddsPortal.com

There is an All-Star Game played halfway through the season in early July where a team of players from the MLB National League takes on a team of American League players.

The New York Yankees are the most successful Major League Baseball team and always are thought of as favourite in the MLB betting odds comparison market.
